Vim Eligibility Technical Walkthrough

Get Started

Vim Connect offers users an easy-to-navigate button to access Eligibility. Once a relevant patient is in view, Vim Connect will recognize and surface data for that patient. The user only needs to click on this button to review and confirm the patient's benefits.

Eligibility

Review Categories

Eligibility **pulls relevant and detailed benefits information** including DOB, plan details, PCP, referral requirements, potential out-of-pocket costs, and details around in-network and out-of-network services when available.
